**Saratoga County Public Health to Offer  
Seasonal Influenza Clinics**

Beginning in October, Saratoga County Public Health will be offering seasonal influenza clinics for Saratoga County residents, following New York State and Centers for Disease Control recommendations.

All clinics are by appointment only. Appointments can be made by calling the telephone number listed below for the site where you would like to receive your flu shot. Individuals should bring their insurance cards to the clinic for determination of payment. Public Health will bill Medicare B for those over 65. All others will be charged \$15. Other insurances will be billed whenever possible. If your insurance denies payment, you will be billed for this charge.
